ATTENTION

BEFORE STARTING

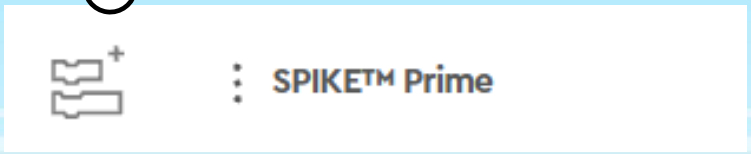

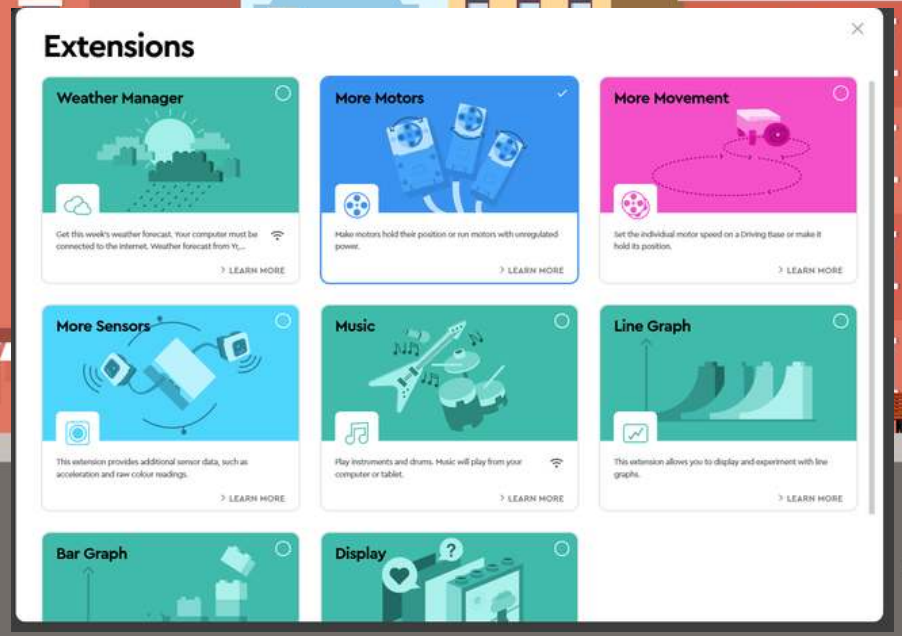

Um die Nullposition einzustellen, richte den Punkt auf dem Rotor auf den Kreis am Motorgehäuse aus.

To set the zero position, line up the dot on the rotor with the circle on the motor frame.

IMPORTANT

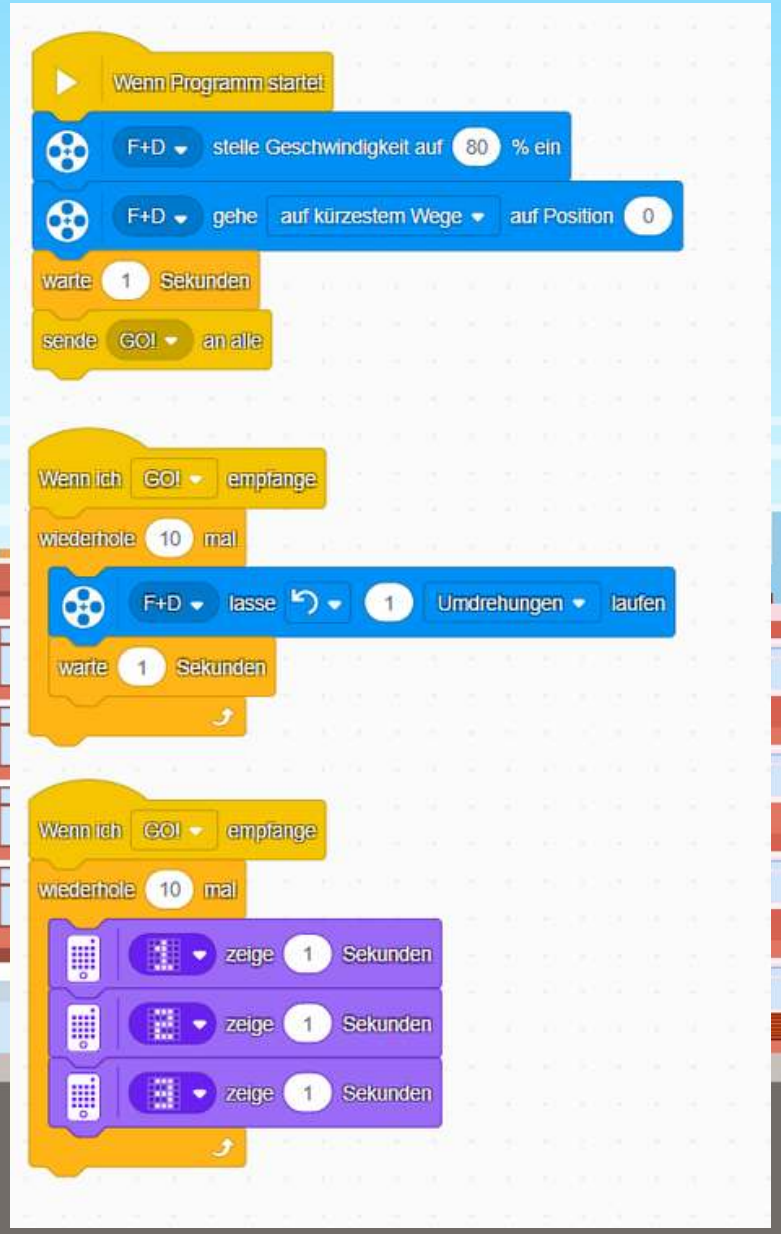

Wenn du den in dieser Anleitung verwendeten Block nicht finden kannst, klicke auf das Symbol in der unteren linken Ecke (siehe Abbildung links). Daraufhin öffnet sich ein Fenster, in dem du die für dieses Projekt benötigten Erweiterungsblöcke finden und hinzufügen kannst.

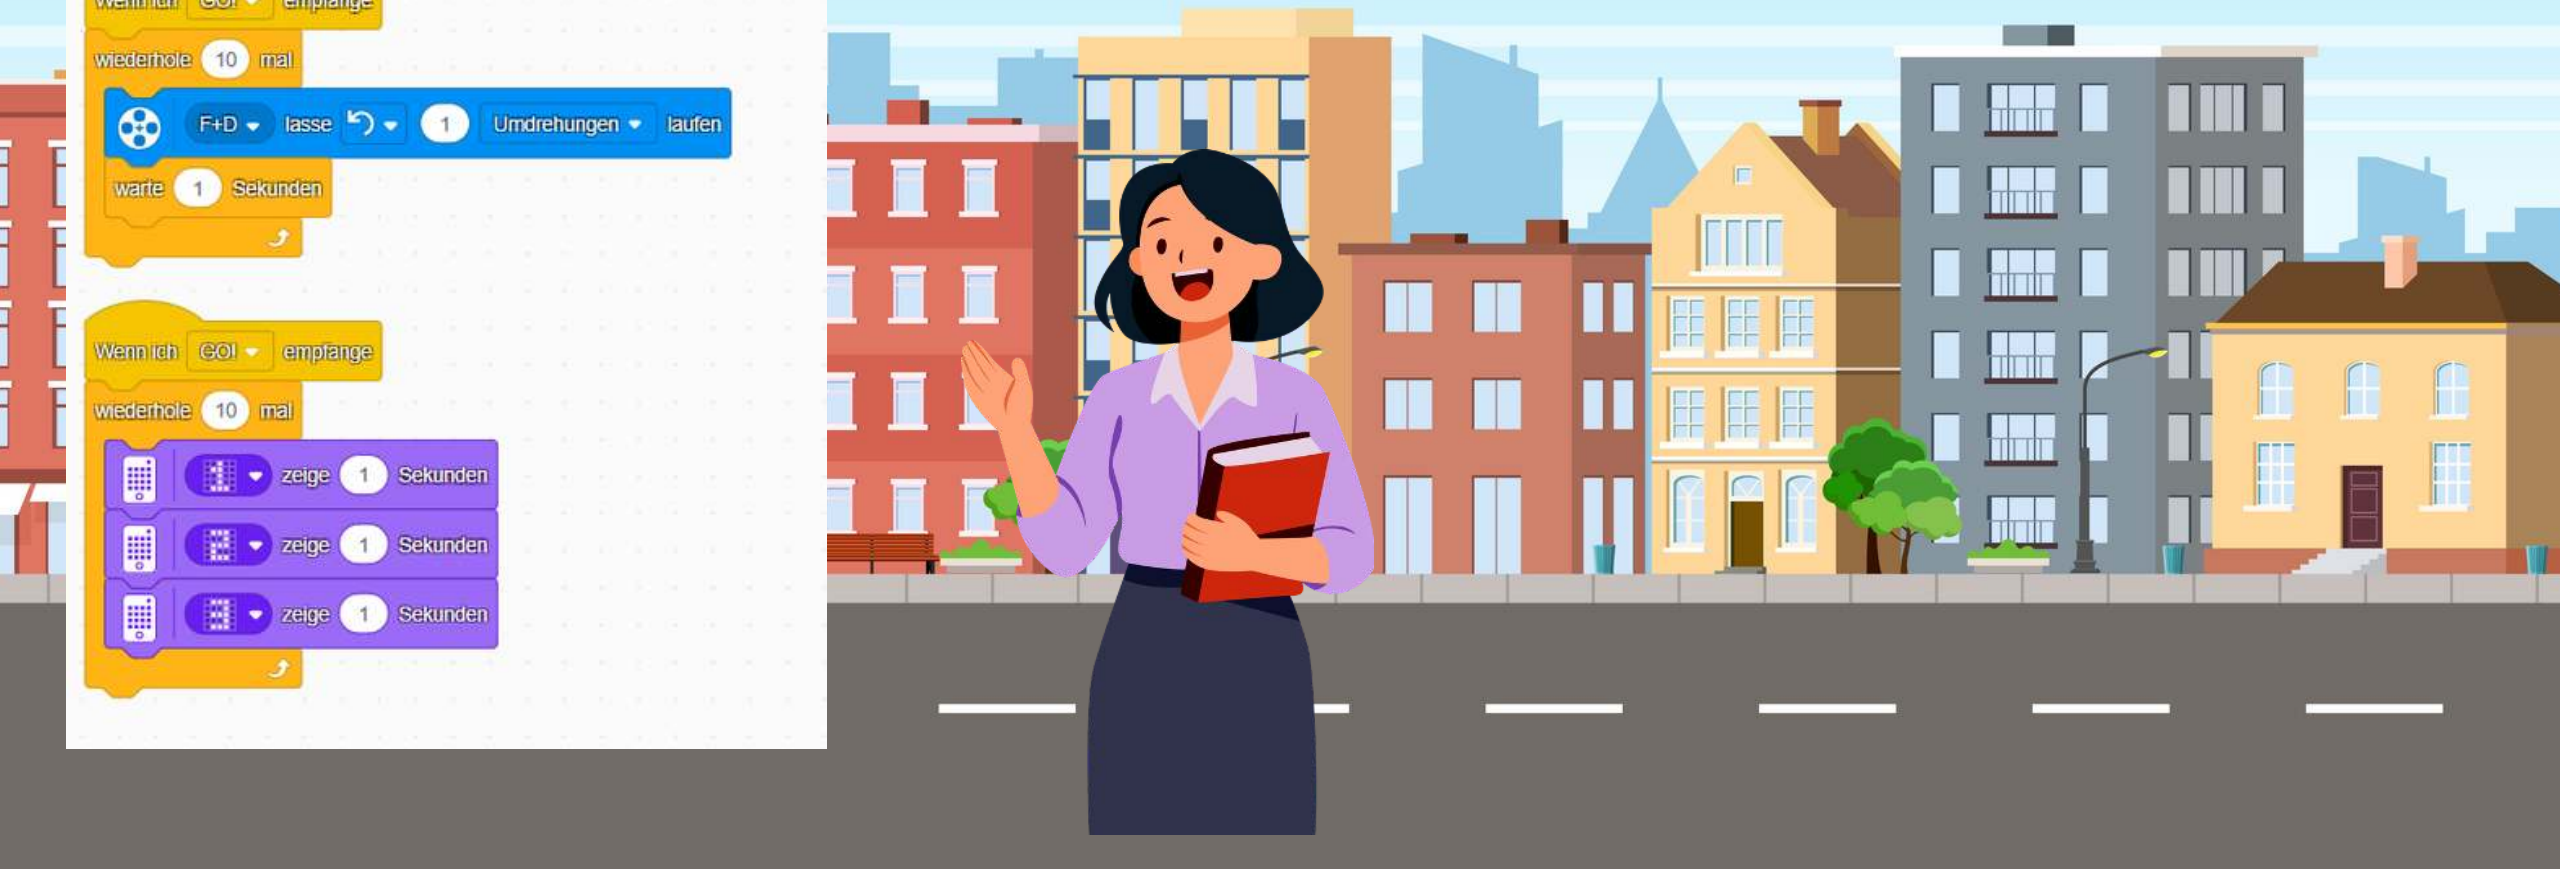

If you cannot find the specific block used in these instructions, click the icon in the bottom-left corner (shown in the figure on the left). This will open a window where you can find and add the extension blocks needed for this project.

TASK 1

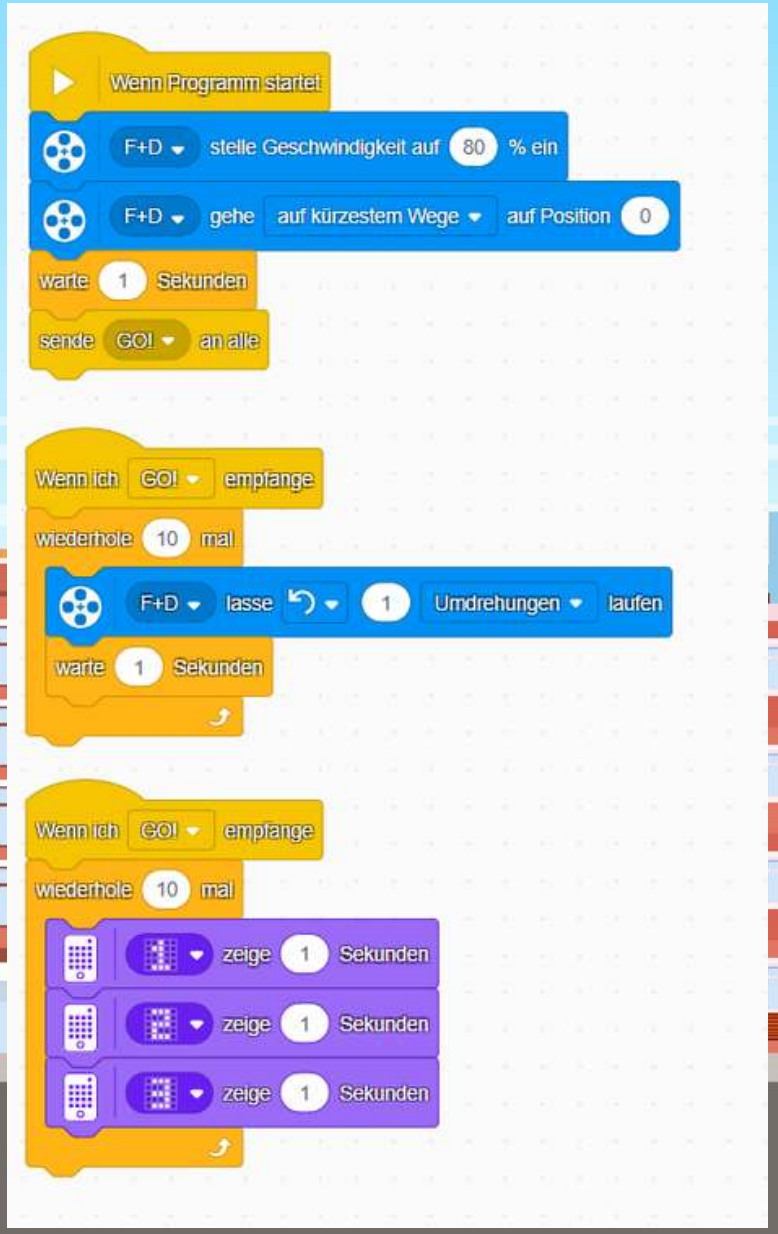

Wenn Programm startet
F+D stelle Geschwindigkeit auf 80 % ein
F+D gehe auf kürzestem Wege auf Position 0
warte 1 Sekunden
sende GO! an alle
Wenn ich GO! empfange
wiederhole 10 mal
F+D lasse 1 Umdrehungen laufen
warte 1 Sekunden
Wenn ich GO! empfange
wiederhole 10 mal
zeige 1 Sekunden
zeige 1 Sekunden
zeige 1 Sekunden

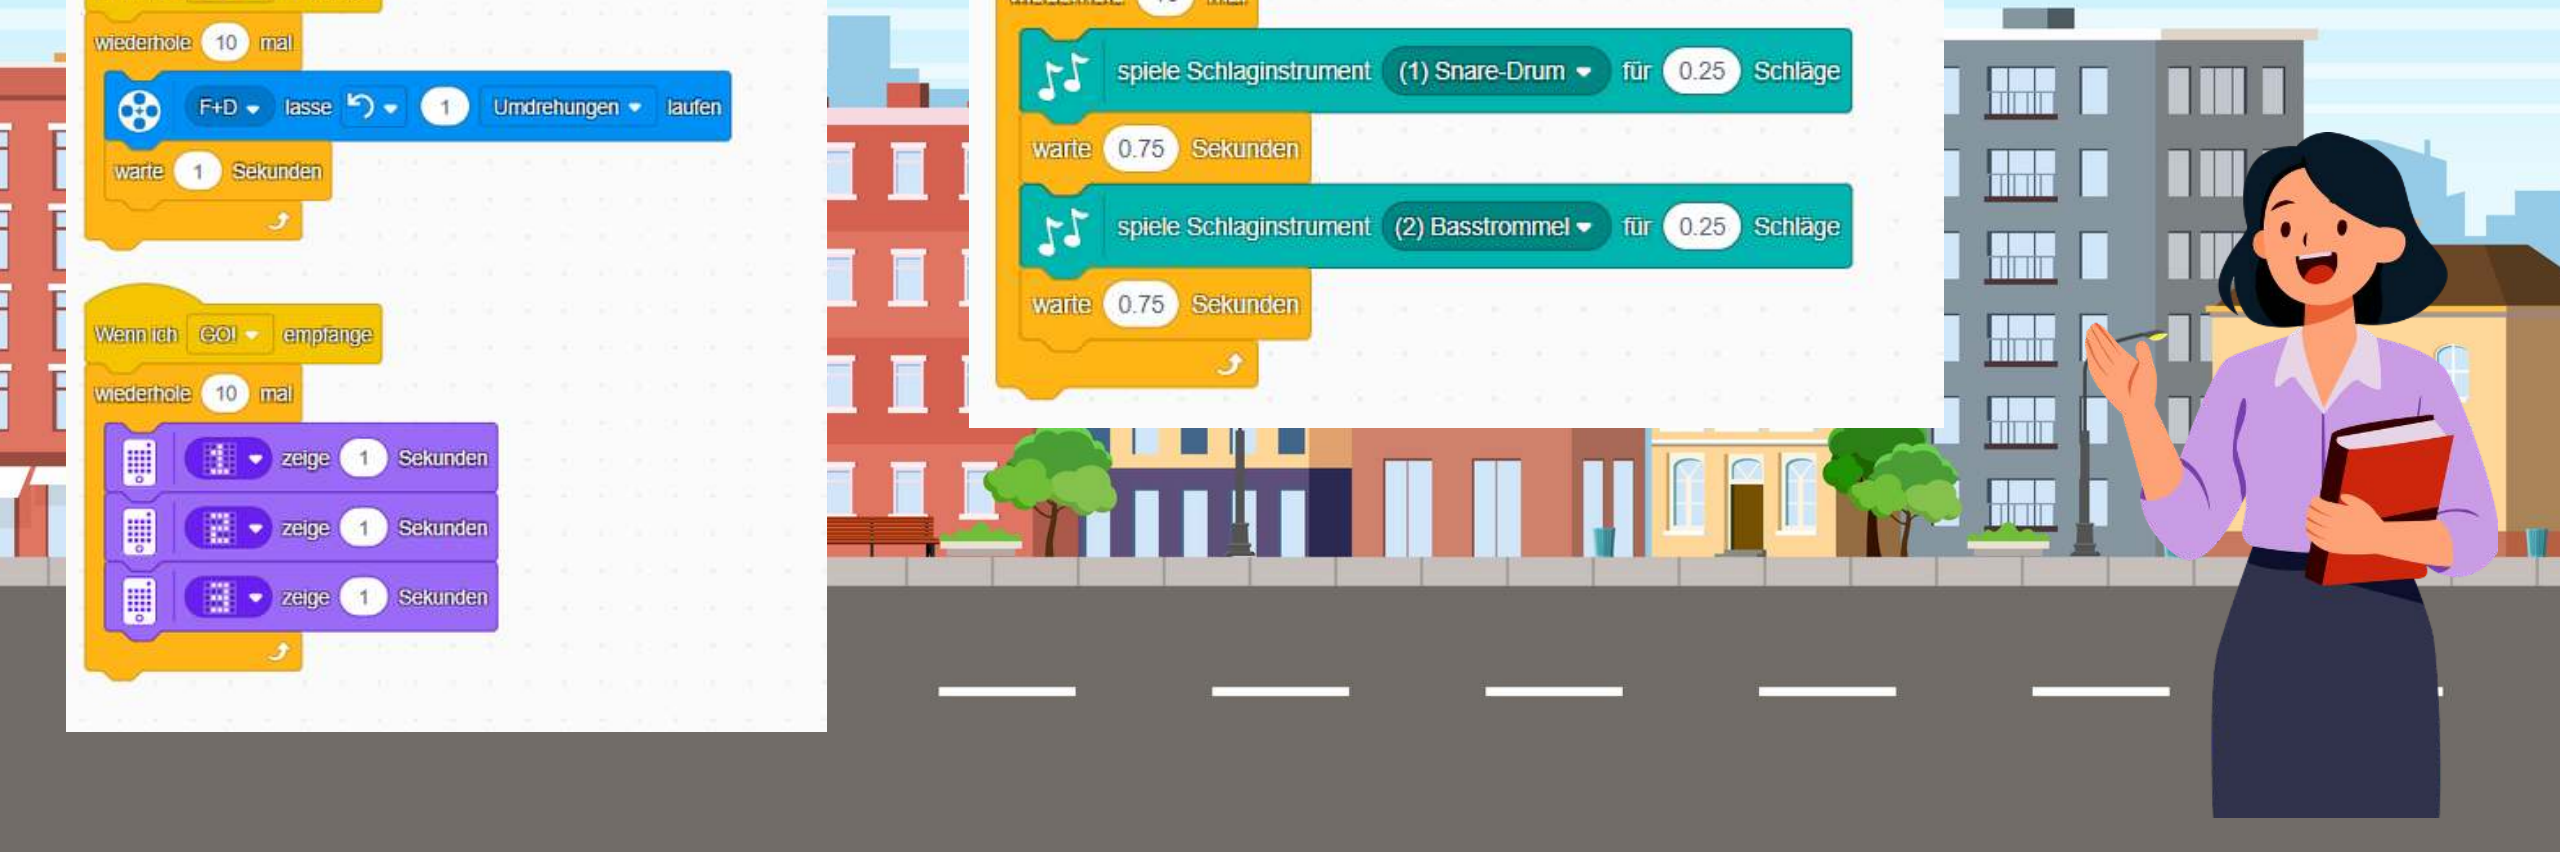

TASK 2

Wenn Programm startet
F+D stelle Geschwindigkeit auf 80 % ein
F+D gehe auf kürzestem Wege auf Position 0
warte 1 Sekunden
sende GO! an alle
Wenn ich GO! empfange
wiederhole 10 mal
F+D lasse 1 Umdrehungen laufen
warte 1 Sekunden
Wenn ich GO! empfange
wiederhole 10 mal
zeige 1 Sekunden
zeige 1 Sekunden
zeige 1 Sekunden

Wenn ich GO! empfange
wiederhole 10 mal
spiele Schlaginstrument (1) Snare-Drum für 0.25 Schläge
warte 0.75 Sekunden
spiele Schlaginstrument (2) Basstrommel für 0.25 Schläge
warte 0.75 Sekunden
